

Your Freedom Our Anthem [Lyrics]

[OG BVND] by Kaleo Young & Scotty Mearig

Verse 1:

Nothing that we hold back, We're giving it all
Bringing every heartbreak see Your love unfold
We are ready to run, ready to move, our hearts beat
We are ready to run, ready to move, we are free

Verse 2:

Breaking into true life, all things are new
We've given You our 'yes' Lord, tell us what to do
We are ready to run, ready to move, our hearts beat
We are ready to run, ready to move, we are free

Pre-Chorus:

Never going back back hey hey
Never going back ohhh lets go!

Chorus:

Giving everything to follow
Never coming down our lives made new
Jesus its Your voice we run to
Believe that everything you say is true
Living every day in glory
With everything we say, everything we do
Your Freedom, Our Anthem

Bridge:

We give it all away we see Your freedom today
By the blood of the cross and Your empty grave
